

TRANSPLANTATION: TRANSFORMING THE LANDSCAPE TOWARDS A NEW HORIZON

Marriot Putrajaya

27th - 29th May 2022

Final Announcement

Call for Abstracts!

Deadline: 1st Apr2022

Please send abstract to

malaysiatransplantation@gmail.com

- ❑ Covid 19 in Transplantation
- ❑ Expanding Donor Pools
- ❑ Infective complications post transplant
- ❑ Role of CMV Monitoring
- ❑ Recent advances in transplantation
- ❑ New: Bone Transplantation

Special Sessions:
Management of End Stage
Organ Diseases
Kidney Transplantation for
dialysis paramedics

In collaboration
with:

Ministry of Health
Malaysia

Welcome Message from the MST President

Dear friends and colleagues,

On behalf of the organizing committee, it gives us great pleasure to invite you to the 25th Malaysian Society of Transplantation which will be held on 27th to 29th May 2022 at The Marriot Putrajaya

In 2020, we conducted The Annual Scientific Meeting physically despite the COVID-19 Pandemic. In 2021, The 24th Annual Scientific was conducted in collaboration with the 17th Congress of Asian Society of Transplantation and 36th Annual Congress of Malaysian Society of Nephrology which was a virtual meeting. Despite the challenges with continuous battle against the COVID-19 pandemic, we hope we will be able to have a hybrid meeting in 2022 to enable us to engage international colleagues.

We hope that this Annual Scientific Meeting will continue to be align with the objectives of The Malaysian Society of Transplantation which are

- 1) Promote and assist in the development of organ and tissue transplantation in Malaysia
- 2) Disseminate and exchange information relating to the field of organ transplantation at both local and international level
- 3) Ensure and maintain ethical standards in the field on transplantation in Malaysia

With the above objectives in mind, we are introducing a few new tracks

Special session for dialysis paramedics

Our paramedics plays an exceptional role in communicating with patients and family members and ensuring the well-being of our ESKD patients. This session is designed to:

- 1) Enhance knowledge in kidney transplantation
- 2) Empower the dialysis paramedics in identifying patients who are suitable for kidney transplantation and provide initial counselling of patients for kidney transplantation.
- 3) Assisting nephrologist in managing the deceased donor waiting list through hand-on training on the Malaysian Kidney Allocation System (MyKAS)

Special session: Management of End Stage Organ Disease

Solid organ transplantation saves lives in patients with end stage organ failures and improve quality of life. Access to organ transplantation requires identification of suitable recipients, evaluation for fitness to undergo the transplant surgery and equitable allocation process. However, referral for organ transplantation remains low. This session is designed to:

- 1) Empower junior clinicians in identifying patients that should be considered for organ transplantation
- 2) Enhance knowledge on indications, contraindications, and preparation for organ transplantation
- 3) Exposure to MyNOW (Malaysian National Organ Waiting List) to improve referral pathway for patients with End Stage Organ Disease

New session on bone transplantation

In line with MST objectives, this year we will be introducing a new track on bone banking and bone transplantation

In Malaysia, our organ transplantation rate remains the lowest in the world and it is our transplant agenda to the next level

We sincerely look forward to having you participating in the meantime, stay safe...

Dr Rosnawati
Yahya President
Malaysian Society
of Transplantation

Message from the Organizing Chairperson

It is an honour for me to extend my warm welcome to our 25th Annual Scientific Meeting of Malaysian Society of Transplantation (MST 2022) which will take place in Putrajaya Marriot Hotel from 27- 29th May 2022. Due to the ongoing Covid-19 pandemic, we have decided to host MST 2022 as a hybrid event this year, which will involve physical as well as virtual attendees and presentations.

On behalf of the organizing committee, I welcome and thank all eminent speakers and guests from all over the country, (Singapore, United Kingdom and Australia) across all disciplines for making time to participate and share your specialized and diverse knowledge and expertise with us.

As we know, organ transplant is one of the most successful advances in modern medicine. The history of organ transplants has evolved over a series of breakthroughs in medicine that has influenced all aspects of healthcare globally and especially in Malaysia, which was initiated over forty years ago.

Today in Malaysia, there are various health centers in the government sector, public universities, as well as private hospital which undertake multi-disciplinary programs to facilitate transplantation and donation efforts involving organs such as liver, kidney, heart and lung, as well as tissues such as cornea, bones, heart valves and skin.

Our theme for this year's MST 2022 is 'Transplantation: Transforming The Landscape Towards A New Horizon'. It is our hope that this event will provide a platform for a more focused attention and discussion on pertinent issues to spur greater awareness amongst healthcare professionals and the public on transplantation issues encompassing all organ transplant initiatives and programs in Malaysia.

At the conclusion of MST 2022, we hope all participants would have gained greater knowledge and value-added insight into current topics to galvanize concerted efforts in addressing unmet needs and challenges of transplantation programs in Malaysia, moving forward in the new norm.

I wish everyone a pleasant and fruitful meeting in the next few days and stay safe.

Sincerely,

Haniza Omar

Dr Haniza Omar
Organizing
Chairperson
Malaysian Society of
Transplantation

25th Annual Scientific Meeting of Malaysian Society of Transplantation

Pre-Congress 27th May

0730-0820	Registration			2022
	Deceased Donor Management & Procurement Chairperson: Hasdy Haron / Foo Hong Zhi Putrajaya Ballroom 1	Hematological Transplantation Chairperson: Sharifah Shahnaz / Ho Kim Wah Selangor Room	Kidney Transplantation: Role of dialysis Paramedic Chairperson: Mohamad Zaimi Abdul Wahab /Muhammad Iqbal Abdul Hafidz Putrajaya Ballroom 2	
0820-0830	Course Overview	Course Overview	Course Overview	
0830-0855	Full time Donor Coordinators: Is it worth it? <i>Foo Hong Zhi</i>	Neutropenic sepsis in HSCT <i>Teoh Ching Soon</i>	Overview of kidney transplantation in Malaysia <i>Rosnawati Yahya</i>	
0855-0920	Donor Detection: Making it a Practice in Melaka Hospital <i>Foo Hong Zhi</i>	Nursing role in prevention of infections in HSCT patients <i>Siti Fazilah Ramli</i>	Why Living Kidney Transplantation ? <i>Yee Seow Yeing</i>	
0920-0945	Extended Criteria Donor for Liver <i>Manisekar Subramaniam</i>	Utilizing Infection Biomarkers in HSCT Patients <i>Helmi Sulaiman</i>	Staff nurse, Can I go for kidney transplantation? <i>Lydia Kamaruzzaman</i>	
0945-1000	Q & A	Q & A	Q & A	
1000-1030	Coffee Break			
1030-1055	Organ Donation Request <i>Hasdy Haron</i>	COVID in HSCT and haemato-oncology patients <i>Ong Tee Chuan</i>	What do potential kidney transplant recipients need to know? <i>Suryati Yakob</i>	
1055-1120	Becoming Donor Transplant Coordinator <i>Low Lieh Yong</i>	Vaccination after HSCT - When, which & why? <i>Ho Kim Wah</i>	Who can be a living donor? How do I ask? <i>Maisarah Jalalonmuhali</i>	
1120-1145	Medicolegal and Deceased Donation <i>Ahmad Hafizam Hasmi</i>	Role of clinical pharmacists in the management of infections in HSCT patients <i>Kong Su Shan</i>	How do I keep my patients fit for transplant? <i>Lim Soo Kun</i>	
1145-1210	Assisted Flight for Organ Donation Activity in Malaysia <i>Roslan bin Aziz</i>	Management of donor and recipient with Hepatitis B <i>Syuhada Dan Adnan</i>		
1210-1235	Stress Management for Healthcare Professional (Part 1) <i>Nurul Hidayah Mat Sarip</i>	Prevention of antimicrobial resistance : is it possible? <i>Petrick @ Ramesh K. Periyasamy</i>	Life after Kidney Transplantation: My Journey as Kidney Transplant Recipient <i>Khairul Shazwali Taib</i>

INSTRUCTION FOR SUBMISSION OF ABSTRACT

- Abstract must be submitted via email to malaysiatransplantation@gmail.com by 1st April 2022.
- [All research and studies in submitted abstracts must comply with the WMA Declaration of Helsinki, the Declaration of Istanbul on Organ Trafficking and Transplant Tourism, and the NIH Guide for the Care and Use of Laboratory Animals.](#)
- Abstracts should contain original material that has neither been published nor presented at another international meeting at the time of submission.
- Only abstracts written in proper imperial English will be accepted.
- Abstract should not exceed 300 words and should contain within the border of the abstract form.
- Abstract must be typed in Times New Roman font and of size 12 point.
- The abstract should be organized along the following headings:

Title	: [Should not exceed more than 2 lines]
Authors	: [Surname followed by initials only. Underline the name of presenter. Do not include degrees or titles]
Instruction	:
Objective	:
Methods	:
Results	:
Conclusion	:
- Accepted abstracts will be notified by e-mail.
- 3 prizes will be given to the best 3 presenters from each categories (i.e. Doctors and paramedics)

<input type="checkbox"/> First Prize	: RM1000
<input type="checkbox"/> Second Prize	: RM500
<input type="checkbox"/> Third Prize	: RM300
- Marks will be given according to the following scheme:

<input type="checkbox"/> Abstract 50%
<input type="checkbox"/> Presentation 50%

 - Idea/ Innovative
 - Design and Methods. Is it case series, descriptive, retrospective, case –control, prospective or randomized control trial?
 - Is the design of the study answering the hypothesis/ objectives/ research question
 - Are the results presented appropriately drawn and relevant?
 - Language and presentation
- Each accepted abstract will be given 8 minutes for oral presentation and 2 minutes for question and answer. A power point presentation will be available (single projection only)
- The decision of the panel of the judges is final and not subject to appeal
- All presenters are required to register for the meeting
